

*June 2021*

Dear Middle School Families,

The form, "Individual Student Request for Loan of Textbooks," is required. Completing this form allows us to purchase textbooks for our students through a state-subsidized program. While the sum allotted for each student is not exceptional, the aggregate for the entire school allows us to purchase complete sets of textbooks for at least two grade levels each year. Although your son or daughter may not get a state-subsidized book each year, you do save money over the course of several years at Gill St. Bernard's School.

**A signed form (one per child) is required for all students who are enrolled in the Middle School for the 2021-2022 school year.** (Lower and Upper School students will receive a separate letter and form from their divisions.) **We ask that you print, sign and return the textbook form to Kathy Argobright no later than Wednesday, September 1.** We must forward these forms to the Board of Education, so we would appreciate your prompt response.

Sincerely,

Kyle J. Armstrong  
Lower and Middle School Director
