EdTech Tools Framework

In keeping with Gill St. Bernard's core values, particularly Integrity and Respect, we are committed to using technology responsibly and ethically to further our academic programs. We carefully curate educational technology tools to ensure they meet a standard of developmental appropriateness, provide sufficient safeguards for student privacy and safety, and supplement our curriculum well.

The tools listed here are those students can expect to have to create an account for at various points throughout their time at Gill St. Bernard's School. The school has accepted the Terms of Service provided here; by enrolling your student at GSB, you are providing consent for your student to use these tools for educational purposes. Further digital tools may be used in the classroom but will not require students to create accounts. Please check back here frequently, as this list is updated throughout the school year.

If you have any questions about these tools or the vetting process, please reach out to our Academic Technology Coordinator, Luan Lepi, at llepi@gsbschool.org.

	Description	How to access	Grade/Division	Terms of Service	Privacy Policy
blackbaud	Blackbaud K-12 is our primary information system for students and families. Your "digital school" is here, including class schedules, assignments, calendars and more. Our community refers to this as Knightsite. This is the source for student assignments and online class materials for students in grades 5-12.	Access from the "Knightsite" button on www.gsbschool.org	All students and families	Terms of Service	Privacy Policy
Microsoft 365	Microsoft365 is our system for school account authentication and collaborative tools. Families can download Office Tools on up to 5 personal computers.	Access from the "My GSB" page on www.gsbschool.org or www.office.com	Grades 5-12 have full access. Grades PK – 4 have Office tools only (no email).	Terms of Service	Privacy Policy
Google for Education	Google Workplace for Education includes collaboration apps such as Drive, Docs, Sheets, Slides, and Jamboard that are available for school use. Students, faculty and staff access through their school account (school email and password). Please note that the school does not use Gmail, Google Classroom, or Google Calendar.	Access is through school office.com login. GSuite is an app in the Microsoft 365 account.	All students in grades PK - 12 have an account for Google Drive apps. (NOT email)	Terms of Service	Privacy Policy
